Old Business: 1. Cory Hawks had talked to Supervisor Loomis asking how much time will be allowed for her neighbor Mr. Lewis to comply with the planning board's decision to removed barbed wire fence and move front fence. She thought the time frame to do it had passed. Mr. Loomis told her that was up to the planning board. Discussion. The planning board had made their decision at the July 12, 2021 meeting. They are not the enforcement body of that decision. Planning board asked the Zoning Administrator to ask Supervisor Loomis to contact the lawyer regarding the next step to ensure enforcement of the decision.

Roger Leach made note that the county has suggested townships might want to investigate an ordinance regarding electrical amp upgrade permitting process when a business needs increase. Board members will research this topic and discuss at a future meeting.

Motion by Jaruzel, seconded by Maschke to adjourn. Motion carried. Meeting adjourned at 7:24 PM.
